The background of the entire image is a dense, dark green pattern of tropical foliage. It features large, heart-shaped monstera leaves with characteristic splits and holes, as well as long, slender palm fronds. The lighting is soft, creating subtle gradients of green and highlighting the textures of the leaves.

where our story starts

tetri|home®

Tetri Home is a registered trademark of Demka Furniture, which was established in 1997 for the production and sale of wooden furniture. In line with meeting all the changing demands and needs of the sector, the company started its adventure in the furniture sector by taking the production of armchairs into its structure after 1 year.

Aiming to create quality living spaces with its experience of more than 20 years, the brand has expanded its sales area with its functional and aesthetic products. Continuing to develop its product range in line with consumer demands in this direction, Tetri Home has gained an important place in the furniture sector with its sofa sets, bedrooms, dining rooms, wall units, coffee table groups and decoration products. The most important feature emphasized by the brand is that it prioritizes wood in furniture groups. The brand, which produces in a total area of 11.000 m2, carries out its production with 220 employees, equipment with new generation technology, professional design team and hand workmanship. The brand, which produces at maximum capacity, displays an assertive attitude in the durable consumer goods category by bringing proactive solutions to the wishes of its customers with its R&D studies that follow the latest trends.
